

SNOW ROUTES FOR CASTLE ROCK SCHOOL DISTRICT 2024-2025

In the event of snow or ice making bus transportation hazardous, Castle Rock Schools may use one of three options to avoid total school closure.

1. Delay the start of school 2 hours (late start) with bus routes run as usual. Students picked up at regular stops.
2. Start school 2 hours late and use limited bus routes (snow routes)
3. **NEW:** Start school at regular time and use snow routes as needed. Only some routes may be on snow routes.

Parents with information in our system will receive a phone call message when we make any change in our regular schedule due to weather issues. The caller ID in some instances may say “unknown” or “hungary.”

Notification of the above will be broadcast on the following radio stations. Longview: KLOG 1490 am, KLYK 94.5 fm, KZOE 90.3 fm, KBAM 1270 am, KEDO 1400 am, KUKN 105.5 fm, KRQT 107.1 fm, KZNX 89.7 fm. Centralia: KCED 91.3 fm, KELA 1470 am, KMNT 102.9 fm, KITI 1420 am, KITI 95.1 fm. Olympia: KXXO 96.1 fm. Also, television stations KLTV (11) in Longview; KATV (2), KOIN (6) and KGW (8) Portland; and KCPQ (13), KOMO (4), KING (5), and KIRO (7) Seattle.

We call all of the radio and television stations listed above by 5:30 a.m.

Those with internet access may subscribe to Flash Alert for inclement weather school closures or time changes. There is no charge to sign up for this service which will automatically email such information to a computer or tablet. <http://www.flashalert.net/news.html?id=524>

It is the responsibility of the parent to get the student to the pickup and drop off locations during snow routes. We do not recommend that the students walk to/from these locations. Road conditions make it hazardous to both vehicles and pedestrians.

Please see bus schedules below listing times for snow routes with a 2-hour delay and snow routes with a regular start.

Underlined roads will not have bus service during snow routes. Please note alternate pick-up locations.
